

**LPI GreenClean**  
**Cleaning with the power of nature**  
**100% bio-degradable**

**INTERBLOCKS LPI GreenClean**

**LPI GreenClean is a powerful Bio Cleaner – 100% natural & 100% bio-degradable.**

Non-toxic for water- or plants. Non-toxic for humans and animals. Neutral towards colors and materials. The highly effective surfactants remove fatty deposits of animal, vegetable, synthetic or mineral origin. **LPI GreenClean is a bioactive, water-soluble cleaning agent, that solubilises staining generated by fats and oils thus ensures their complete biodegradation.**

**Intended use**

LPI GreenClean does not cause any health risks – ideal for use in:

- . Agri-food companies such as slaughterhouses,
- . Municipal utilities
- . Industries, Garages, Machineries, Mechanics, Production lines,

**Biologically based water-soluble cleaning concentrate**

- . With highly effective surfactants –easily dissolve fats and oils.
- . From renewable raw materials – 100% natural
- . 100% bio-degradable
- . Non-toxic for humans and animals.

**Composition**

Declaration according to the Detergents Regulation (EC) No. 648/2004: brewer’s yeast; 5% and above but less than 15% anionic tensides, below 5% amphoteric tensides.

**Storage**

Ambient storage or usage temperature should not be below 5° Celsius.

Application	LPI GreenClean: water
Remove oil stain from concrete	1:6-18
Cleaning wood & porous surfaces	1:10-30
Concrete – Interbloc etc.	1:10-30
Machine Cleaning/car washing by hand/high pressure	1:10-40
Engine cleaning / degreasing	1:10-15
Metal, Stainless, plastics	1:10-30
Machines, benches etc.	1:10-15
General purposes – house, floors	1:10-30
Pan cleaning/oven cleaning	1:8-15

### Les Protections Inorganics

Bathroom showers & appliances	1:10-20
Glass & Maintenance	1:30-80
Floor Automatic scrubber	1:30-80

**See TDS for instructions and maximum performance**

- . Service stations, Tanks.
- . Cafeteria, Fast Food, Bakeries, Hotels, Toilets.
- . Environment, Shipyards, Train stations, Metro, airports.
- . Veterinarians and pet stores.
- . Tanks for drinking water, oil tanks.
